

Kategize 1st to 12th Game Rules

Objective: Advance from first grade to twelfth grade and “graduate” before other players. Each grade level has 3 spaces. Answer the question on the card for your space’s category to progress. Move to the next space of the current grade or, if on the third space, move to the first space of the next grade level with correct answers.

Setup

- Shuffle cards and place the deck on or adjacent to the board.
- Start on the first space of first grade.
- Players determine the order of play.
- Draw a card, read the grade category question to the active player, who attempts to answer the question.

Game-play

Correct Answer

- Move to the next category space of the current grade or advance to the first space of the next grade if on the third space.

Incorrect Answer

- If answer is incorrect, remain on the same space. For the player's next turn, draw another card for the same category space.
- If a player answers incorrectly after three questions, the player advances to the next space.
- Place the card, if answer is correct or incorrect, at the bottom of the deck.

Rules for Math Questions:

- Paper and pen allowed.
- May use the math reference cards.
- Cover the answer area if showing the question.
- Paper, pen, and reference cards cannot be used with "Mental Math" questions.

Rules for Spelling Questions:

- No restarts or repeating letters.
- A person can provide definition, part of speech, and use the word in a sentence but it's not mandatory.

Alternate Rules:

- Select a grade level for questions to use for the entire game.
- Advance to the next space after incorrectly answering two questions.
- Play using only one or two categories instead of all three.

Card Details

- Questions are numbered 1-12, representing the grade level of your position on the board.
- Questions for grades 6, 7, and 8 are combined on the card.

Study Guide Review Questions Form

- Use the provided form “Study Guide Review Questions” to record card number, category, and grade level for future review.
- Download the page “Study Guide Review Questions’ from the membership website and make copies as needed.

KATEGIZE DUCK BATTLE

Quack Your Way to Victory with Kategize Duck Battle!

For Ages 8+ | 2 Players

Are you ready to outsmart your opponent in the most exciting board game of the year? Introducing Kategize Duck Battle—a thrilling race to guide your adorable rubber ducks across the lake! But watch out for the tricky goose, who's ready to block your way and send your ducks back to the start!

Why You'll Love It:

- **Cute and Quirky Pieces:** Everyone loves the charm of small rubber ducks, and the mischievous goose adds a fun twist!
- **Easy to Learn:** With simple rules and quick rounds, it's perfect for family game nights or friendly competitions.
- **Tactical Challenges:** Strategize your every move to avoid the goose and block your opponent.

How It Works:

1. Move your ducks one step at a time toward the finish line on your colored spaces.
2. Roll the dice to unleash the goose and block your rival's path—or send their ducks back to start!
3. Be the first to get all 5 of your ducks across the lake to win!

PortBall Game

A fun, unique game for the whole family. Play leisurely or as serious competition with or without multiple players.
